Something for Everyone

This list offers a very broad selection of titles to choose from regardless if you are a reader or a serious collector. New books, recently out of print, classic reprints, antiquarian and collectable we have them all. For the advanced collector we have three titles which are seldom seen, Alexander **From the Niger to the Nile**, Andersson **The Lion and the Elephant**. There are two choice of the latter title, one in original cloth and one in a beautiful full leather binding. Last is Mayo, **Sport in Abyssinia** which in only the second copy we have had in the last 10 years.

Visit our website www.trophyroombooks.com to see multiple images of most of the books on this list. The images provide a visual aid to understand when we describe a book as fine, near fine or very good. Many of the books provide images of the table of contents and illustrations to further help in determining the content of the book. The list represents what was in stock at the time of publication but the website reflects what is currently in stock. If a book has been sold you can leave a want for the title. Those were the days when safaris were conducted without telephone or tarmac. Jorge had many secret hideaways, far off the beaten track, where there was hardly a track to follow, where clients hunted successfully for the big five and more. In 1948, Jorge went to Africa and for the next 20+ years he traveled and hunted in 8 countries (including Mozambique, Zambia, CAR, Sudan, Angola) as a hunter, professional hunter, ivory hunter, explorer and founder of two safari companies (in Mozambique and Angola). Werner von Alvensleben named his second Mozambique camp after Jorge (de Lima camp). Whether hunting elephants, buffalo, lion, leopard, rhinoceros, bongo or plains game, Jorge is one of a very few who could capture the excitement, challenge and joys of hunting Africa's big game. His company, the legendary Selby & Holmberg Safaris took out Robert Ruark. Andrew Holmberg holds the record for the greatest number of 100-pound PLUS elephants. SIXTY THREE taken for family, friends and clients, not counting many that were almost 100 pounds. From the beginning, Holmberg recognized the potential of the harsh Northern Frontier District of Kenya when foot safari blocks were created. He took light loads in because he was going to have heavy tusks and lots of other trophies to take out. His personal best on elephant: 141 pounds per side; his best buffalo: 58 inches! Andrew consistently pioneered hunting new areas. Exceptional trophies were his typical results. In East African professional hunting history, no other individual has been given undisputed credit for so many number one accomplishments. Andrew Holmberg has led a "larger than life" life.
